EDUCATION

2013 - 2014

RAMDAN Hamoud
BACCALAUREATE DEGREE

I got my BAC degree in Ramdan Hammoud secondary school -Ghardaia- in the mathematical field with a good mention.

2014 - 2016

ESI -sba
PREPARATORY CYCLE

I passed my two years of preparatory cycle at the computer science high school in Sidi Bel Abbès, where we learned the basics of computer science starting from electronics and mathematics.

January 2016

IctTowers
ICND1

I had two weeks of training in the networking field with Mr Boudjra (Cisco expert and constructor) in IctTowers company.

2016 - 2019

ESI (ex: INI)
SOFTWARE ENGINEER / MASTER DEGREE

Actually a 4rd year student at the computer science high school in Algiers (ESI ex: INI)

EXPERIENCE

February-June 2016

ESI -sba
Project manager

It was the 2nd year project, we simulate a development project with a virtual client (one of the teachers), the project was an application for passing and controlling exams and calculating the marks of some specific questions.

2016 - 2017

GDG -Algiers
Active member

An active member and event organizer in GDG-Algiers communication department.

April-June 2017

ESI (ex: INI)
Developer

It was a part of one of the 3rd year modules, it is a simulation of governmental project for a health care solution.

July 2017 - ongoing

SoftArt (software development company)
Part-time Web Developer

Often, the work is a set of tasks that I need to accomplish in a specific duration, I collaborate with professional developers sometime in the office or remotely.
